## INVITATION TO A FOUNDRY CONFERENCE AND FOUNDRY EXHIBITION

56th International Foundry Conference Portoroz 2016 and the accompanying foundry exhibition will take place from 14th to 16th September 2016 at its traditional location – the congress centre at the hotel Slovenija in Portoroz. This location has been for many years the significant meeting point of the eminent scientists and experts of the world known universities and institutes on one side and on the other one of the representatives of foundries and suppliers for the foundry industry. All of you professionally engaged with the researches and development in the field of foundry technology, processes and material are kindly invited to present your papers at the conference or foundry exhibition. With your scientific and expert papers we wish to maintain the existing reputation of this foundry event, providing global insights in the state of art in the field of foundry, as well as in the research – development field and in day-to-day practice and processes in the foundries. The conference will try to find the answers to the long-standing perspectives of the foundry technologies.

The contacts with the representatives of various national foundry associations and the representatives of WFO – the World Foundry Organisation, CAEF – the European Foundry Association and MEGI – the Central European Foundry Initiative noticeable contribute to the professional diversity.

The 56th International Foundry Conference 2016 will be conducted under the motto:  
**“CASTINGS AS PRODUCTS WITH A FUTURE”**

You are kindly invited to participate in our conference as the lecturers, exhibitors or simple as the participants.
