INVITES TO

58th IFC PORTOROŽ 2018

WITH CORRESPONDING FOUNDRY EXHIBITION

12th-14th September 2018

The congress centre at the Hotel Slovenija in Portoroz

INVITATION TO A FOUNDRY CONFERENCE AND FOUNDRY EXHIBITION

In 2018 the Slovenian Foundrymen Society will once upon organise 58th International Foundry Conference with the corresponding foundry exhibition in Portorož. Traditionally, the co-organizers of this important event will be the Faculty of Natural Science of the University of Ljubljana and Faculty of Mechanical Engineering of the University of Maribor. The conference with the exhibition will take place from 12 September to 14 September 2018 in the Congress Centre, hotel Slovenija in Portorož and under the motto:

»Advanced technologies with a future for foundries«

Thoroughgoing history of our event can be accessed on the Web page of the Slovenian Foundrymen Society www.drustvo-livarji.si. The review of each year conference programme and present lecturers, as well as lists of exhibitors at the conference exhibition will enable those who are not well acquainted with our events to obtain useful data and to be informed that Portorož has been for many years a great European and world gathering point of many eminent scientists and experts of the world-known universities and institutes, followed by the representatives of foundries and suppliers for the foundry industry. Each year our endeavours are directed to selected scientific and expert papers to be included in the conference programme in order to ensure larger observation in state of the art, especially in the research development sphere and in the foundry companies themselves and the suppliers for the foundry industry.

Customary guests of our conference are also the representatives of national foundry societies and associations and the representatives of WFO – the World Foundry Organization, CAEF – the European Foundry Association and MEGI – Central European Foundry Initiative.

You are kindly invited to attend this year conference as a lecturer or the exhibitor or either as the participant at the conference and exhibition.

Programme and Organizing Committee
Distinguished professor PhD Alojz Križman
Mirjam Jan-Blazic, MSc.
