

The WORLD
FOUNDRY ORGANIZATION
TECHNICAL FORUM
and
59th IFC PORTOROZ 2019

18-20 September
Portoroz, SLOVENIA

PLACE OF EVENT:

Kongresni center Portus, Hotel Slovenija
Address: Obala 33, Portoroz

INVITATION

The World Foundry Organization and Slovenian Foundrymen Society are organizing the WFO-Technical Forum and 59th IFC Portoroz 2019 with an accompanying Foundry Exhibition. The event will take place in Portoroz, Slovenia, from 18-20 September 2019 under the motto:

“Castings as complex components”.

Portoroz is already a traditional location of foundry science and profession, where the IFC has been taking place in September of each year for many decades now. The event has grown into one of the largest foundry events in this part of Europe and it brings together scientists and researchers from the foundry field as well as experts from the industry. WFO-Technical Forum and 59th IFC Portoroz 2019 will be taking place at the Portus Congress Centre of Mind Hotel Slovenia, Obala 33 in Portoroz.

The honorary sponsor of WFO-Technical Forum and 59th IFC Portoroz 2019 is the president of Republic of Slovenia, Mr. Borut Pahor, and the main sponsors are Faculty of Natural Sciences and Engineering, University of Ljubljana and Faculty of Mechanical Engineering, University of Maribor.

The Conference also gives an opportunity for presentations in a special lecture section intended for PhD Students, Young Researchers and young Entrepreneurs.

You are kindly invited to attend this foundry event as a lecturer, exhibitor or simply as a participant.
